Town of Mineral Springs Mineral Springs Town Hall 3506 Potter Road S ~ Mineral Springs Mineral Springs Town Council Regular Meeting April 13, 2023 ~ 7:30 P.M. AGENDA

1. Opening

The meeting will be called to order, an invocation will be delivered, and the Pledge of Allegiance will be recited.

2. Public Comments

The town council will hear comments from members of the public on any matters of interest to them during this ten-minute period.

3. Consent Agenda – Action Item

- A. Approval of the March 9, 2023 Regular Meeting Minutes
- B. Acceptance of the February 2023 Union County Tax Report
- C. Acceptance of the February 2023 Finance Report
- **4. Consideration of Accepting the Audit Report** Action Item The council will consider accepting the audit report for FY2021-2022.
- 5. FY2023-2024 Budget: Preliminary Departmental Appropriations Action Item The council will consider recommended appropriations for the FY2023-2024 budget.

6. Consideration of Playground Mulch – Action Item

The council will consider authorizing the purchase of playground mulch.

7. Staff Updates

The staff will update the council on any developments that may affect the town.

8. Other Business

9. Adjournment – Action Item

Draft Minutes of the Mineral Springs Town Council Regular Meeting March 9, 2023 – 7:30 p.m.

The Town Council of the Town of Mineral Springs, North Carolina, met in Regular Session at the Mineral Springs Town Hall located at 3506 Potter Road S, Mineral Springs, North Carolina, at 7:30 p.m. on Thursday, March 9, 2023.

Present: Mayor Frederick Becker III, Mayor Pro Tem Jerry Countryman, Councilwoman Valerie Coffey, Councilwoman Lundeen Cureton, Councilwoman Bettylyn Krafft, and Councilman Jim Muller.

Absent: Councilwoman Janet Critz.

- Staff Present: Town Clerk/Zoning Administrator Vicky Brooks, Attorney Bobby Griffin, and Administrative Assistant/Deputy Town Clerk Sharelle Quick.
- Visitors: None.

1. Opening

With a quorum present at 7:32 p.m. on March 9, 2023, Mayor Becker called the meeting to order.

Councilwoman Cureton delivered the invocation.

Pledge of Allegiance.

Mayor Becker announced that Councilwoman Critz had family obligations and was excused from the meeting.

Ms. Vicky Brooks introduced Ms. Sharelle Quick as the new assistant.

2. Public Comments

None.

3. Consent Agenda – Action Item

Councilwoman Coffey motioned to approve the consent agenda containing the February 9, 2023 Regular Meeting Minutes, the January 2023 Union County Tax Report, and the January 2023 Finance Report and Councilwoman Cureton seconded. The motion passed unanimously. Ayes: Coffey, Countryman, Cureton, Krafft, and Muller. Nays: None.

4. Consideration of Accepting the Audit Report – Action Item

Mayor Becker announced Kendra Gangel was not available to make this meeting. Ms. Gangel asked Mayor Becker if she could present the audit next month. Mayor Becker explained the council would probably be getting the reports in next month's agenda packet.

5. Consideration of Conducting a Work Session for Capital Funding, Meeting Protocols, and Town Hall/Grounds Maintenance Needs – Action Item

Mayor Becker explained he asked Councilwoman Critz if she had any preferences and she said she thought maybe it could be scheduled on the 13th of April before the regular meeting. If not then, Councilwoman Critz was available for the first two weeks in April.

Mayor Becker stated the topics the council would be looking at were maintenance projects, capital projects, and meeting protocols and how the council wanted to proceed on each of those. This

special meeting will not be a deep, long, detailed discussion of those topics where final decisions are made. It should only take an hour.

Councilman Countryman motioned to call for a special meeting to discuss the capital plan and other capital needs, and meeting procedures on April 13th at the Mineral Springs Town Hall at 6:00 p.m. and Councilman Muller seconded. The motion passed unanimously. Ayes: Coffey, Countryman, Cureton, Krafft, and Muller. Nays: None.

6. Consideration of Having the Nonprofits Provide Letters of Request vs In-Person Presentations – Action Item

Mayor Becker explained the council narrowed down the nonprofits to four, and in the past three years, the nonprofits have not come, because two of those years the council was meeting virtually. Mayor Becker presented the council with three possible decisions in his memo: personal appearance is required; email only; or accept either one depending on what they want to do.

Councilwoman Coffey responded that letters of request worked for her.

Councilman Muller asked if the council would still be able to post questions on their proposals.

Mayor Becker responded that if they were not there, the council could not.

Councilwoman Coffey stated she believed the letters usually come all-inclusive and selfexplanatory. The council has had submittals in the past for fund requests and it should not be a problem. If there is a question, the council could simply get in touch with the nonprofit and get it cleared up.

Councilman Countryman stated he was good with a letter but questioned what if they wanted to come present.

Mayor Becker responded that was his question, should the council give them the option of doing that.

Councilwoman Coffey commented, "letter of request."

Mayor Becker clarified the council does not give them the option of coming in person unless they are needed later.

Councilwoman Coffey responded she did not think the council was going to need them, they are usually consistent with their verbiage with their presentation and if the council has questions they can certainly research them out before the meeting. The research can include looking at the board of directors, salaries, or whatever they want to look at and question any of that before the meeting. It is public information.

Councilman Countryman commented he did not have any problem with that. It is actually timeconsuming for the council; they say the same thing.

Mayor Becker shared that their mission remains the same, the council just wants them to be able to demonstrate that they are providing some sort of direct benefit to Mineral Springs, in addition to their broader mission.

Councilwoman Krafft agreed, unless the nonprofit had something big or changing.

Councilwoman Coffey responded the nonprofit could then request an appearance.

Councilwoman Krafft stated she thought the nonprofit could request an appearance if they have something big or changing, like they were building a new building or doing a special fundraiser, etc. These groups are pretty steady. If there is something really special, the council should let them have the opportunity to come if they want.

Mayor Becker asked how that would be determined, the council would have to be at a meeting to make that determination.

Councilwoman Krafft thought it would be seen in the memo first...

Attorney Griffin commented that the council should know in advance, they would get an agenda with the request and if it raised a red flag, they could call the mayor to request somebody.

Councilman Countryman commented if that was done it would be a two-month process. The nonprofit sends the letter, the council reviews, and if they have questions, the nonprofit is contacted and asked to come back the next month.

Mayor Becker commented that the odds were that was not going to happen.

Councilwoman Coffey motioned that we ask the nonprofits to submit a letter of request for funding that they desire and if there is a major concern or major project, anything that looks like a red flag in the presentation, then we can request that they come, and Councilwoman Krafft seconded. The motion passed unanimously. Ayes: Coffey, Countryman, Cureton, Krafft, and Muller. Nays: None.

7. Consideration of Purchasing a Steeplechase Race Program Advertisement - Action Item

Councilman Countryman motioned to buy a full-page ad for the Steeplechase Program for \$300 and Councilwoman Krafft seconded. The motion passed unanimously. Ayes: Coffey, Countryman, Cureton, Krafft, and Muller. Nays: None.

8. Staff Updates

Ms. Brooks announced that the festival was on; however, an agreement [for parking] would have to be signed with Harris Teeter this year. Ms. Brooks explained she had shown the agreement to Attorney Griffin, and he suggested some changes. If Harris Teeter is in agreement with the changes, then the festival is on.

Mayor Becker explained that the North Carolina Capital Management Trust is a private investment fund run by Fidelity and it is monitored, overseen, and basically owned and operated by the Treasurer's Office. There are two types: there is the totally liquid one, which is not like a CD, it is like a money market fund (it's day of deposit, day of withdraw) and it is the type that Mineral Springs has. Mayor Becker noted when Janet [Ridings] began to collect back taxes and was using the Debt Setoff Program, in order to qualify for that you had to use the Capital Management Fund to put any of those proceeds in, so the town had \$2,000, and Mayor Becker would see it in the finance report every month. Mayor Becker mentioned the bank accounts went up from nothing to .65% and he thought they were going to keep going up, but they haven't, even though the Feds continued to go up. The Capital Management Trust is paying (as of last month) 4.6% on a totally liquid investment, so Mayor Becker took approximately 80% of the town funds and transferred \$900,000 into that two weeks ago, because it is a projected \$40,000 a year income for the town over a 12-month period on that money if the town does not spend it. It is basically another one cent tax, because the town gets 2.1 cents (\$85,000). It is not a guaranteed rate, but it is a guaranteed secure investment, so the town will not lose money. Mayor Becker stated he did not think the town would have to do a budget amendment on the income, which is more than what is anticipated, but he will talk to Kendra to make sure.

9. Other Business

Councilwoman Cureton thanked everybody who gave her a donation or a card in memory of when her sister died. Councilwoman Cureton stated she appreciated it very much and mentioned that she was still struggling; it is really hard.

Councilman Countryman explained he sat in with the Western Union Municipal Coalition (WUMA) a week or so ago on behalf of the mayor. The primary discussion that took place was around sewer needs/sewer capacity and what the county was doing. There were three Union County Commissioners in attendance (one stayed outside, because they did not know there was going to

be three of them there, and it would have been a quorum). Stony Rushing was the primary spokesperson. The discussion was about the capacity currently at the 12 mile sewage treatment plant and they were talking in the vicinity of taking and pumping 6 million gallons a day and they have the capacity right now to be doing 10 million gallons a day, so they are not at capacity. There is a plan to expand that plant. One of the communications was that a previous county commission had failed in their responsibility to negotiate interim marginal price increases for the people that use the service (county water and sewer), because the intent would have been to take those marginal increases and bank them for later use in the expansion of the plant, but they did not initiate any of those increases, so the county does not have the funds, which is a dilemma. Now the commissioners have to decide on whether they should hit the consumers with a major increase or what do they do; they have not figured it out yet, but they are working on it. The other discussion was the restriction on taps, given the capacity that they are currently experiencing, although there is more to be used. They are being very selective in how they are assigning those usages. Waxhaw has not been part of WUMA, but they have finally decided to join. The county commissioners are looking at the potential of initiating an allocation basis by community rather than just assigning it to an individual or a developer; they are thinking assigning an allocation to the community (like Mineral Springs, Weddington, Wesley Chapel) is most likely the good way to do it. Then the council with the allocation would then process the hookups based on the needs of the community and the requests being made by individuals. That is some of the things that the county commissioners were going to discuss at their future meetings. There are a lot of wheels in motion to begin to make things work, but it is definite that they are going to expand Twelve Mile Creek somehow whether they have to initiate a bond or they have to initiate a significant increase for the users, but at some point it is going to happen, but they have not figured that out yet.

Councilwoman Cureton shared that she had attended the thing at Javonzio Coffey's, she was not sure what it was called, but it was where the kids could go, anybody who had kids that needs babysitting, it is free, they can go there, the bus will pick them up and drop them off at his place. Councilwoman Cureton stated she went, and Councilwoman Critz and Mayor Becker were there. It was very nice, and it is a good place and good what they are doing. If anyone has grandchildren or if they know any friends that they would like for them to go there and stay until the parents get out of work, it is a good thing for them to do.

Mayor Becker clarified this was the program the town funded back in November and it was the open house.

Councilwoman Coffey commented that it was a lot more than a babysitting entity, there is a curriculum that is being taught. All of the people that are working with the kids have been validated to be a benefit. Delice [Coffey] has a doctorate and Mr. Tillman has a PhD.

Mayor Becker thought Mr. Tillman had a Masters.

Councilwoman Coffey stated they were well acclimated to do the job and they were overseeing it appropriately. Councilwoman Coffey did not have all the particulates, but it was most definitely a benefit to the mind.

10. Adjournment – Action Item

At 7:57 p.m. Councilman Countryman motioned to adjourn the meeting and Councilwoman Coffey seconded. The motion passed unanimously. Ayes: Coffey, Countryman, Cureton, Krafft, and Muller. Nays: None.

The next regular meeting will be on Thursday, April 13, 2023 at 7:30 p.m. at the Mineral Springs Town Hall.

Respectfully submitted by:

Agenda Item #3B 4/13/2023 Memorandum

To: Town of Mineral Springs Rick Becker

From: Vann Harrell TAP Tax Administrator

Date: March 8, 2023

Re: Departmental Monthly Report

The Tax Collector's monthly/year to date collections report for the month ending February 28,2023 is attached for your information and review.

Should you desire additional information, I will provide that at your request.

MEMO

To:Mineral Springs Town CouncilFrom:Rick BeckerDate:April 6, 2020Subject:Audit Report

I expect our auditor, Kendra Gangal, to be at the April 13, 2023 meeting to present the FY2021-22 Audit Report. As of this agenda mailing date, Ms. Gangal has not sent the printed copies of the report. For Council's information I am attaching a few excerpts from the audited financial statements: Ms. Gangal's "Independent Auditor's Report", the "Statement of Net Position", the "Balance Sheet – Governmental Funds", and the detailed Revenues/Expenditures statement.

Ms. Gangal should bring copies of the full report with her.

Administrative and Financial Staff

Vicky Brooks, Clerk & Zoning Administrator Janet Ridings, Tax Collector

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and and Members of the Town Council Town of Mineral Springs, North Carolina

Opinions

I have audited the financial statements of the governmental activities and each major fund, of the Town of Mineral Springs, North Carolina as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In my opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of the Town of Mineral Springs, North Carolina as of June 30, 2022, and the respective changes in financial position, and the respective budgetary comparison for the General Fund for the year ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Town of Mineral Springs, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibility of Management's for the Audit of the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raises substantial doubt about the Town of Mineral Springs's ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect material statement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I

- Exercised professional judgement and maintained professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsible to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Mineral Springs's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Mineral Springs's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4-11, the Schedules of Employer Contributions, and the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Asset and Contributions, on pages 38 and 39, respectively be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Mineral Springs, North Carolina's basic financial statements. The individual fund statements and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the individual fund statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Kendra Gangal, CPA

To:Mineral Springs Town CouncilFrom:Rick BeckerDate:April 3, 2022Subject:FY2023-2024 Budget: Preliminary Departmental Appropriations

The accompanying spreadsheet shows the FY2021-22 final budget and actual expenditures, the FY2022-23 current budget and estimated final actual expenditures, and suggested appropriation levels for the FY2023-24 budget.

I am recommending keeping most proposed expenditures similar to last year's except for larger-thanusual staff salary increases, other items that change based on established formulas or trends, and a large increase in the "Community" department. This "first draft" suggests an increase of \$12,298 over the current year's operating expenditure budget, or 3.64%.

Salary Analysis

This proposed appropriation worksheet reflects an 11.8% increase in staff salaries, substantially more than the 3% council has consistently approved since 2008. It should be noted that the 3% figure used by Council during that period generally kept slightly *ahead* of the cost of living. From 2008 through 2020, the average cost-of-living increase applied by the federal government on Social Security benefits averaged 1.715%. This means that council has been providing staff with an additional 1.285% average longevity increase during that time. However, the actual cost of living took a sharp increase starting in 2021, while council maintained its 3% figure for the past two budget cycles. In 2021, the federal cost-of-living increase was 5.9% and in 2022 it was 8.7%. So, our staff salaries have actually suffered a substantial reduction in real dollars over the past two years. And while nobody can predict for certain what the cost-of-living increase for 2023 will be, most estimates fall between 2% and 4%, with 3% being an average estimate.

To calculate a proposed "catch-up" percentage for the FY2023-24 budget, we can use for an example the clerk's salary of \$38,496 in FY 2020-21. Applying the town's two consecutive 3% increases to that figure, the FY2022-23 salary would be \$38,496 x 1.03 x 1.03, or \$40,840 (due to rounding, the actual FY2022-23 salary was set at \$40,836). Applying the *real* cost-of-living percentages – including an estimated 3% figure for 2023 – to that \$38,496 number, the FY2023-24 salary would need to be \$38,496 x 1.059 x 1.087 x 1.03, or \$45,644, just to keep up with inflation (with no longevity increase). To catch up, the salary would need to be increased from this year's figure of \$40,836 shown in the worksheet to \$45,644, the figure calculated based on the real cost-of-living increase. That is an increase from this year to next year of \$4,808, or 11.77% (rounded to 11.8%). It is important to note that even though this looks like a fairly big "ask", it actually represents *only* a cost-of-living increase with no longevity increase, adjusted for rounding. Council must decide whether this is a reasonable increase.

Note that the "Assistant/Deputy" position has increased from a \$12,900 budget amount to \$14,400; this is not a salaried position, and the \$14,400 is a maximum suggested allocation for the position. Currently, this position requires 12 hours per week, corresponding to the time the town hall is open for regular business hours, plus some additional hours for attendance at evening meetings and additional duties such as Festival work. The hourly rate for this position is currently \$18.00, and any changes to the hourly rate will be based on performance evaluations conducted by the Assistant/Deputy's supervisor.

Finally, there is no recommended increase this year in salaries for the mayor and council members. Council raises those only occasionally and does not base adjustments on cost-of-living considerations.

Reading the Chart

In the right-hand column, headed "2023-24 Proposed", bold-faced numbers are the totals within each budgetary department. These numbers add up to the total of \$350,278. These are the categories that ultimately end up in the adopted budget ordinance and within which the town must operate; numbers within these departments are "flexible," and may be changed during the fiscal year as needed without budget amendments as long as the departmental totals in the ordinance are not increased. Salaries are shown in white, reflecting amounts 11.8% above last fiscal year. "Employee Overhead" is also shown in white and is proposed to increase by \$2,400 next year. The three sets of figures in the "dotted" cells are simply sub-subcategories within subcategories.

Increases and Decreases

Several other line items reflect significant changes from last year's. Council has approved holding the Festival on September 9, 2023, which is being funded at \$8,000 in the proposed figures. Along with this Festival appropriation, increases are also proposed for other items in the "Community" department. As always, an amount in the budget does NOT have to result in an expenditure but budgeting all items as realistic expectations provides taxpayers with the most accurate idea of the maximum amount the town is likely to spend in the next fiscal year. Major changes in proposed expenditures are:

- 1. "Advertising" has never come close to the budgeted amount of \$1,800, so I am proposing a figure closer to actual expenditures. Decreased from \$1,800 to \$1,200.
- 2. "Attorney": Again, actual expenditures have never come close to the budgeted amount. Decreased from \$9,600 to \$7,200.
- 3. **"Charities":** Based on 3% of previous fiscal year budget, per town policy. **Decreased** from \$11,675 to \$11,080.
- 4. "Community": The 2023 Festival is being allowed \$8,000. Although we have not had discussions with Artists Music Guild (AMG) and they did not request partnership funding for the current year, I am including \$4,000 as a possible renewal of the partnership and we will base any actual expenditure on additional input from that organization. "Miscellaneous" will remain at \$2,000 and can be used for other events such as Movie Nights. Finally, I have created a "Communication" subcategory which includes the Newsletter, Social Media management, and "Other" which could include Festival Music Licensing (estimated at \$1,400) in the event that we do not work with AMG. Increased from \$22,500 to \$36,988.
- 5. **"Elections":** There will be a municipal election on November 7, 2023, so this appropriation is **Increased** from \$0 to \$3,600.

- 6. **"Employee Overhead":** The NC Local Government Employees' Retirement System contribution rate has increased by 0.75%, and any salary increases will also result in additional increases in LGERS, FICA, and Workers Compensation contributions. **Increased** from \$37,400 to \$39,800.
- 7. **"Intergovernmental":** This appropriation has been included for several possible special cooperative efforts with Union County, but no expenditures have been made for the past two years. I am recommending eliminating this appropriation and, if such projects of programs come up in the course of the upcoming fiscal year, funding them through a budget amendment or a project ordinance. **Decreased** from \$15,000 to \$0.
- 8. **"Planning":** The only changes in this department are the increase in the Planning Director's salary and moving of funds around between Ordinance, Comprehensive Plan, and Miscellaneous. Overall, "Planning" will be **Increased** from \$47,304 to \$49,468.
- 9. **"Travel":** In 2014, there was an unusually-large number of out-of-town conferences and workshops that resulted in the need for a \$1,200 "Travel" budget amendment. Since then, there has never again been such a large demand for travel reimbursements. **Decreased** from \$4,200 to \$3,600.

Additional Appropriations/Expenditures

- State and Local Fiscal Recovery Fund (SLFRF) revenues totaling \$270,618.75 distributed to the town under the federal American Rescue Plan Act (ARPA) have been accounted for in a Special Revenue Fund and are being expended under the authority of a Project Ordinance. This ordinance authorizes these funds to be transferred into the General Fund as reimbursements for prior expenditures.
- Council is beginning to study undertaking a combination of capital projects and non-capital maintenance projects during the upcoming fiscal year. If any such projects are approved, they will be funded either by project ordinances or amendments to the FY2023-24 budget.
- Information concerning any capital or other projects expected to be authorized by project ordinance during the budget year will be included in the Proposed Budget as required by NC G. S. § 159-13.2(f).

At the April 13, 2023 meeting, council should consider three items related to the budget:

- 1. **determine** salary and hourly figures for next year
- 2. **decide** whether or not to direct the budget officer to include these proposed appropriations in the FY2023-24 budget
- 3. **advise** the budget officer of any changes council might wish to make to other appropriations so that the formal proposed budget may be presented to council in May.

Agenda Item # 4/13/23

MEMO

To:Mineral Springs Town CouncilFrom:Rick BeckerDate:April 6, 2020Subject:Playground Mulch

The playground at our downtown park last had Engineered Wood Fiber (EWF) mulch re-applied in June 2020. It has compacted and deteriorated to the point where it is time for new EWF. I have requested a quote from Cunningham Recreation, who originally installed the playground and also provided EWF in 2020, but haven't gotten the quote as of the date of this memo. If I receive it before the April 13 meeting I will provide it. Meanwhile, I have attached the proposal from 2020 for reference. The \$250 for drainage repair will not be needed this year, but I expect that the overall cost of EWF and labor has increased so the quote may still be higher than it was in 2020 even without the drainage repair.

I am requesting that council approve this EWF replacement and hope to have a firm cost by the date of the meeting.

On a related matter, we are continuing to have an annual safety inspection done on the play structure by Playground Guardian. This is a recurring expenditure that is required for us to have done as operators of a playground and is budgeted. The inspection should be done before June 30, 2023 and should remain in the \$500.00 cost range.

Comments

* Site must be clear, level, free of obstructions, and accessible. Site should permit installation equipment access. Purchaser shall be responsible for unknown conditions such as buried utilities, tree stumps, bedrock or any concealed materials or conditions that may result in additional costs.

GAMETIME - TERMS & CONDITIONS:

- PRICING: Pricing is subject to change. Request updated pricing when purchasing from quotes more than 30 days old.
- TERMS OF SALE: For equipment & material purchases, Net 30 days from date of invoice for governmental agencies and those with approved credit. All others, full payment for equipment, taxes and freight up front. Balance for services & materials due upon completion or as otherwise negotiated upon credit application review. Pre-payment may be required for equipment orders totaling less than \$5,000. Payment by VISA, MasterCard, or AMEX is accepted. Checks should be made payable to Playcore Wisconsin, Inc. d/b/a GameTime unless otherwise directed.
- CREDIT APPLICATION: Required for all non-governmental agencies and those entities who have not purchased from GameTime within the previous twelve calendar months.
- FINANCE CHARGE: A 1.5% monthly finance charge (or maximum permitted by law) will be added to all invoices over 30 days past due.
- CASH WITH ORDER DISCOUNT: Orders for GameTime equipment paid in full at time of order via check or electronic funds transfer (EFT) are eligible for a 3% cash-with-order (CWO) discount.
- ORDERS: All orders shall be in writing by purchase order, signed quotation or similar documentation. Purchase orders must be made out to Playcore Wisconsin, Inc. d/b/a GameTime.
- FREIGHT CHARGES: Shipments shall be F.O.B. destination. Freight charges prepaid and added separately.
- SHIPMENT: Standard Lead time is 4-6 weeks after receipt and acceptance of purchase order, credit application, color selections and approved drawings or submittals.
- PACKAGING: All goods shall be packaged in accordance with acceptable commercial practices and marked to preclude confusion during unloading and handling.
- RECEIPT OF GOODS: Customer shall coordinate, receive, unload, inspect and provide written acceptance of shipment. Any damage to packaging or equipment must be noted when signing delivery ticket. If damages are noted, receiver must submit a claim to Cunningham Recreation within 15 Days. Receiver is also responsible for taking inventory of the shipment and reporting any concealed damage or discrepancy in quantities received within 60 days of receipt.
- **RETURNS**: Returns are only available on shipments delivered within the last 60 days. A 25% (min.) restocking fee will be deducted from any credit due. Customer is responsible for all packaging & shipping charges. Credit is based on condition of items upon return. All returns must be in unused and merchantable condition. GameTime reserves the right to deduct costs associated with restoring returned goods to merchantable condition. Uprights & custom products cannot be returned.
- TAXES: Sales tax is shown as a separate line item when included. A copy of your tax exemption certificate must be submitted at time of order or taxes will be added to your invoice.
